Subject: King County Credit Union - changes in NCUA logo and update requirements

To Whom It May Concern:

As the Marketing Manager at King County Credit Union, I request your acknowledgement of a pending issue. On behalf of our credit union (as well as others), to extend a much longer window for compliance than the suggested "30 days" with any forthcoming changes to the NCUA logo and/or insurance coverage information. I would suggest nothing shorter than a 90-day compliance window. The timing and expense of updating any or all our materials and offices with a new-updated NCUA logo is staggering. A 30-day compliance window is simply not nearly enough time to implement any change.

Thank you,

Jeffrey Blaine/Marketing Manager
King County Credit Union
